BROKER COMPENSATION DISCLOSURE

The following constitutes Health Benefits Associates, Inc.’s (the “Company”) disclosure of direct and indirect compensation the Company will receive or reasonably expects to receive for the period of 1/1/2023 through 12/31/2023 in connection with the below referenced services it provides to you (the “Client” or “you”):

- Continual market analysis to provide the most up to date advice regarding the benefits available to the Client.
- Annual reevaluation of the benefit plans offered.
- Providing education & advice to the Client, group administrators and their employees throughout the year about how the plans work, and how to use them.
- Negotiation of premiums, benefits, and eligibility provisions with insurance carriers on behalf of the Client.
- For employers: Administration of a comprehensive enrollment platform for employers to manage employee enrollments and terminations with all lines of coverage, and with COBRA administrators.

The Company does not provide the above-referenced services to the Client in the capacity of a plan fiduciary.

The company reasonably expects to receive direct compensation for the placement of the below lines of coverage in the form of either a per employee per month (“PEPM”) fee, a per member per month (“PMPM”) or a commission paid by the carrier or vendor, in the amount indicated below. These compensation amounts are already included in what the insurance companies allocate to market and sell their products. Purchasing these small group (2-50) policies directly from the insurance company will not reduce your monthly premium. These premiums are standard, and determined by the insurance company unless indicated otherwise below:

Medicare Disclaimer

Third Party Marketing Organizations (TMPOs) are defined as "organizations and individuals, including independent agents and brokers, that are compensated to perform lead generation, marketing sales and any enrollment-related functions as part of the chain enrollment."

Depending on the location of your home address the following statement may apply: "We do not offer every plan available in your area. Any information we provide is limited to those plans we do offer in your area. Please contact Medicare.gov or 1-800-MEDICARE to get information on all of your options."

The Centers for Medicare and Medicaid Services ("CMS") requires agents to document the scope of an appointment prior to face-to-face appointments, verbal presentations of plan information, or any electronic distribution of plan information. The scope of appointment agreement is to ensure an understanding of what will be discussed between the agent and the Medicare beneficiary (or their authorized representative). All information provided during the conversation or meeting with Health Benefits Associates is confidential. By reading this disclaimer you agree to a meeting, conversation, or sales presentation with a sales agent of Health Benefits Associates to discuss Medicare Supplement Plans and/or Medicare Advantage Prescription Drug Plans. Please note, Health Benefits Associates' licensed brokers are contracted by the Medicare plan they are discussing and/or presenting. They do not work directly for the Federal government. The licensed broker of Health Benefits Associates may also be paid based on your enrollment in a plan. Agreeing to this Medicare Disclaimer does not obligate you to enroll in a plan, affect your current enrollment, or enroll you in a Medicare plan.

The costs associated with Medicare plans are highly regulated by the federal and state government. Regardless of where you purchase your Medicare plan, you will receive the same coverage and benefits. Health Benefits Associates does not charge any fees to advise on Medicare.

Medicare Advantage Plans (Part C) and Cost Plan Definitions:

Medicare Health Maintenance Organization (HMO) - A Medicare Advantage Plan that provides all Original Medicare Part A and Part B health coverage and sometimes covers Part D prescription drug

coverage. In most HMOs, you can only get your care from doctors or hospitals in the plan's network (except in emergencies).

Medicare Preferred Provider Organization (PPO) Plan - A Medicare Advantage Plan that provides all Original Medicare Part A and Part B health coverage and sometimes covers Part D prescription drug coverage. PPOs have network doctors and hospitals but you can also use out-of-network providers, usually at a higher cost.

Medicare Private Fee-For-Service (PFFS) Plan - A Medicare Advantage Plan in which you may go to any Medicare-approved doctor, hospital and provider that accepts the plan's payment, terms and conditions and agrees to treat you - not all providers will. If you join a PFFS Plan that has a network, you can see any of the network providers who have agreed to always treat plan members. You will usually pay more to see out-of-network providers.

Medicare Point of Service (POS) Plan - A type of Medicare Advantage Plan available in a local or regional area which combines the best feature of an HMO with an out-of-network benefit. Like the HMO, members are required to designate an in-network physician to be the primary health care provider. You can use doctors, hospitals, and providers outside of the network for an additional cost.

Medicare Special Needs Plan (SNP) - A Medicare Advantage Plan that has a benefit package designed for people with special health care needs. Examples of the specific groups served include people who have both Medicare and Medicaid, people who reside in nursing homes, and people who have certain chronic medical conditions.

Medicare Medical Savings Account (MSA) Plan - MSA Plans combine a high deductible health plan with a bank account. The plan deposits money from Medicare into the account. You can use it to pay your medical expenses until your deductible is met.

Medicare Cost Plan - In a Medicare Cost Plan, you can go to providers both in and out of network. If you get services outside of the plan's network, your Medicare-covered services will be paid for under Original Medicare but you will be responsible for Medicare coinsurance and deductibles.

Medicare Supplement (Medigap) Products Definitions:

Medigap Plans - Plans offering a supplemental policy to fill "gaps" in Original Medicare coverage. A Medigap policy typically pays some or all of the deductible and coinsurance amounts applicable to Medicare-covered services, and sometimes covers items and services that are not covered by Medicare, such as care outside of the country. These plans are not affiliated or connected to Medicare.
